WHAT WE'RE TRACKING THIS MONTH

## WALLPAPER MOMENT

With seven children ranging in age from 9 to 21—plus an extensively rehabbed 1920s Tudor in the Hollywood Hills—the creative duo known as The Novogratz are adept at delivering affordable, high-impact design solutions.

Case in point: their new collection of self-adhesive, removable wallpaper for Tempaper, which is guaranteed to inspire any number of interior vignettes. We're partial to the splashy Palm pattern for a glamorous dining area (above), or the metallic Constellations for a kid's room ceiling worthy of an outdoor adventurer. \$40/roll; [thenovogratz.com](http://thenovogratz.com).
